

Experienced **IT** Auditors **TVA**

The **Office of the Inspector General** at the **Tennessee Valley Authority** has vacancies in Knoxville, Tennessee, for experienced IT auditors to conduct and direct performance audits of IT infrastructure, systems, operations, processes, and facilities. These information technology audits are designed to promote the economy and efficiency of TVA operations and prevent and detect fraud, waste, and abuse. Salary ranges from \$48,000 to \$72,000, depending on experience.

Minimum Qualifications

- Bachelor's degree from an accredited college/university in accounting, business, finance, or computer science
- 3 years of experience performing information technology audits
- Knowledge of network and server architectures and information security concepts
- Experience auditing general computer and application controls
- Sound understanding of controls in mainframe or multiplatform, networked computing environments
- Proficiency with spreadsheet, data base, and presentation software
- Ability to communicate effectively both orally and in writing
- Excellent analytical and organizational skills
- A valid driver's license and a willingness to travel
- Ability to successfully complete a background investigation and physical exam including drug testing

Desirable Skills/Experience

- An advanced degree such as an MS or MBA
- Familiarity with computer-assisted audit and sampling techniques
- Experience with vulnerability assessment tools
- Demonstrated leadership abilities
- Ability to manage and direct the work of team members
- Experience applying generally accepted Government Auditing Standards
- Experience developing complex audit programs
- Professional certifications, i.e., CISA, CISSP
